

2022 KEYSTONE CHALLENGE

LAND NAVIGATION

The 2022 Land Navigation portion of the Keystone Challenge tests the individual and Squad's knowledge of civilian map reading and the proper usage of a compass. No electronic devices may be used. The Keystone Challenge will use a 1:24000 scale map.

Number of Squad Members Tested: 3

The 2022 Land Navigation Module will consist of 3 separate phases:

1. PHASE 1:

- a. The Squad will be issued a map that they will have to use to locate and navigate to for establishing base camp. Squad must use a variety of skills and tools to properly read and comprehend the map.

2. PHASE 2:

- a. A second map will be issued once each Squad arrives at their base camp location (must find the map). This map will show area points of interest, which your Squad may need to visit for supplies.

3. PHASE 3:

- a. Squads will need to use the maps issued to them to navigate out of the woods, and to pre-designated locations for the various Module testing.

Tools – possess and know how to use the following tools

1. Handheld Compass
2. C-through compass protractor
3. Land measure compass w/ arm
4. Pacing beads

Rules

1. No electronic GPS units may be used.
